

**NOTICE OF PUBLIC INFORMATION CENTRE 1
PLANNING, PRELIMINARY DESIGN AND CLASS ENVIRONMENTAL ASSESSMENT
Highway 6 Little Current Swing Bridge Study, GWP 5268-14-00**

The Ontario Ministry of Transportation (MTO) has retained Stantec Consulting Ltd. to undertake a Planning, Preliminary Design, and Class Environmental Assessment (Class EA) Study for the Highway 6 Little Current Swing Bridge located in the Town of Northeastern Manitoulin and the Islands in Northeastern Ontario. The bridge provides year-round highway access between the community of Little Current and Manitoulin Island and mainland areas of Northern Ontario. The existing bridge is nearing the end of its service life. The purpose of this study is to identify a Recommended Plan that addresses current and future transportation needs at the bridge crossing.

THE PROCESS

This study is a “Group A” project under the *Class Environmental Assessment (EA) for Provincial Transportation Facilities (2000)* and includes undertaking environmental and engineering field investigations and seeking input from stakeholders, external agencies, Indigenous communities and the public. A *Study Design Report (SDR)* will also be completed and will be made available for public review. The purpose of the SDR is to confirm the project Need and Justification, define the study area, assess alternative crossing types (Alternatives to the Undertaking), and document the Class EA process including consultation.

PUBLIC INFORMATION CENTRE 1

A Public Information Centre (PIC) is being held to provide the public and stakeholders with an opportunity to review the transportation needs assessment, existing conditions, alternatives to the undertaking, and comment on project activities to date. The PIC will be a drop-in format, with members of the Project Team available to discuss the project with you and respond to any questions you may have.

Date: August 22, 2018

Location: Manitoulin Hotel and Conference Centre, 66 Meredith Street East, Little Current, Ontario

Time: 4:00 p.m. to 8:00 p.m.

COMMENTS

You are encouraged to participate in the study and to provide comments in writing to the Project Team. If you wish to have your name added to the project mailing list or have questions about the study, please contact:
